

MEL I/R Domehawk

The MEL Domehawk rapid deployment camera is now available with I/R illumination enabling full operation both day and night.

The unique design provides long distance I/R up to 100m and always tracks the DomeHawk movements. This ensures that light is always directed to the scene being viewed.

MEL DomeHawk is ideal for street furniture where pre set and tour functions with privacy zones are essential requirements.

- 18:1 or 26:1 Optical Zoom
- 12 x Digital Zoom
- 360° Pan

- 810 or 940 nM I/R lamps
